

Easy to install, simple to operate, a Y-cam connects via the internet & allows you to view, & hear, whatever your camera can from anywhere in the World. Able to operate without the need for a computer to be on, all of our cameras include great features such as live video with audio, motion detection, email and FTP alerts, the ability to view on your mobile & compatibility with PC & Mac.

Y-cam S Range

Our entry level S range bundles the very best of Y-cam features to create a camera with ultra connectivity at an affordable price. The S range is fully PC & Mac compatible, working cross-platform & cross-browser, & comes complete with extended functionality such as easy Wi-Fi setup & NAS-Ready™ - allowing you to record footage direct to virtually any NAS drive.

Y-cam White S

The Y-cam White is an indoor day camera that gives a quality full colour picture, & has a low light view for improved viewing in darkened conditions.

Product Code : YCW004 (With Wi-Fi)
Product Code : YCWP04 (With PoE)

Y-cam Black S

Designed for continuous surveillance, the sturdy Y-cam Black has 30 Infrared LEDs for nightvision which can automatically turn on via low light sensor.

Product Code : YCB004

Y-cam Knight S

Duplicating the excellent quality of the Black, the Y-cam Knight has exactly the same features as the Y-cam Black, but bundled in a stylish white housing.

Product Code : YCK004

Y-cam SD Range

The Y-cam SD range adds a microSD slot to the camera housing for on-camera recording, adding additional FTP features, and removing the need for expensive recording equipment (or even a network connection to be present) to record alerts.

Y-cam White SD

With added on-camera microSD memory card recording, the White SD is the ideal all-in-one surveillance & recording solution

Product Code : YCW003

Y-cam Black SD

"The Black SD is a breeze to use, and for day & night surveillance it works brilliantly" PC Pro Recommended Award April 2010

Product Code : YCB003 (With Wi-Fi)
Product Code : YCBP03 (With PoE)

Y-cam Knight SD

"Puts home security within everyone's reach" Winner of the Mac Format Choice Award March 2010

Product Code : YCK003

Y-cam Bullet Range

Product Code : YCBLB3 (Black)

Y-cam Bullet

This true day/night camera offers excellent image quality around the clock with strong infrared nightvision designed for outdoor use. It comes feature packed with Wi-Fi and PoE network connections, 2 way audio, microSD recording & Digital I/O, all in a weatherproof case.

Product Code : YCWL03 (White)

Y-cam Dome Range

Y-cam EyeBall

We've removed the complexity of installing & using dome cameras, with the worlds first Push & Point™ quick installation mini-dome. Complete with Wi-Fi and PoE connections, on-camera microSD recording, & high quality full colour pictures, this innovative indoor camera offers flexible installation on ceilings or walls.

Product Code : YCEB03

Y-cam Software
